HEAD OFFICE — WINNIPEG

THE *Investors* GROUP

SUBSIDIARIES AND AFFILIATES:

INVESTORS SYNDICATE LIMITED

INVESTORS TRUST COMPANY

INVESTORS MUTUAL OF CANADA LTD.

INVESTORS GROWTH FUND OF CANADA LTD.

INVESTORS INTERNATIONAL MUTUAL FUND LTD.

Serving Canadians from coast to coast

HEAD OFFICE - - WINNIPEG

THE *Investors* GROUP

. . . offering a complete range of investment management services through its subsidiaries and affiliates

INVESTORS SYNDICATE LIMITED

Face amount savings certificates — which provide for the guaranteed accumulation of a specific sum of money over a stated period and may be purchased either by a series of payments over a period of years or a single, lump-sum investment.

INVESTORS TRUST COMPANY

Offers complete trust and estate facilities with special emphasis on the administration, trusteeship and management of individual and group pension funds.

INVESTORS MUTUAL OF CANADA LTD.

Maintains a "balanced" portfolio consisting of common and preferred stocks and bonds. The investment objectives of the Company are to provide shareholders with income through dividends, protection of invested capital and long-term capital appreciation.

INVESTORS GROWTH FUND OF CANADA LTD.

With emphasis on common stocks selected for their growth prospects, to provide for that portion of an individual's investment program which looks toward long-term growth of invested capital rather than the receipt of current dividends.

INVESTORS INTERNATIONAL MUTUAL FUND LTD.

Designed to give the investing public the opportunity to share, if they so desire, in the long-term growth potential of the international investment scene. The principal objective is long-term appreciation.

Investors services provide convenient, integrated, financial programs flexible enough to suit the needs of every Canadian. For complete details contact your Investors Syndicate [illegible]esentative — *your best friend financially.*

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

INTRODUCTION
and GENERAL INDEX

Henderson Directories Ltd., publishers, present to subscribers and the general public, this, the 1965 edition of the Winnipeg City Directory.

Confidence in the growth of Winnipeg's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winnipeg to the world.

The enviable position occupied by Henderson Directories Ltd. in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winnipeg Directory will fulfill its mission as a source of authentic information pertaining to the city.

FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Winnipeg. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Winnipeg, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. This Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winnipeg, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the avenues and streets are arranged in alphabetical order, the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

MUNICIPAL PUBLICITY

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winnipeg.

Respectfully, The Publishers,
HENDERSON DIRECTORIES LIMITED

Publishers' Note

The information in this directory is gathered by an actual house to house canvass, and is compiled in a way to insure maximum accuracy.

The Publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The Publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

HENDERSON DIRECTORIES LIMITED,
PUBLISHERS.

This is the home of Great-West Life, an important Winnipeg business landmark. Staffed by more than 1,000 Winnipeggers, the Company's head office is the nerve-center of a continent-wide sales and service organization. Through life, health and group insurance, Great-West Life represents immediate protection and future security for hundreds of thousands of families from coast to coast.

A Canadian company, Great-West Life today stands as one of the leading life insurance companies in North America. It is recognized as a major international enterprise contributing much to the growth and progress of both countries — helping Canadians and Americans alike to enjoy a better, more secure standard of living.

HISTORICAL — GEOGRAPHICAL

The early history of Winnipeg and its environs is bound up with the fur trade which was promoted by fierce competition between the Hudson's Bay Company and its bitter rival, the Northwest Company. The Hudson's Bay Company, with headquarters in Winnipeg, has been in continuous operation for 294 years, which makes it the oldest commercial enterprise on the North American continent. While the Company's fur trading posts have long since been supplanted by modern department stores in many Western Canadian cities, it still operates a large number of trading posts in the remote areas of Western and Northern Canada. Winnipeg as a commercial centre, dates from 1870 when the 215 inhabitants of the little village obtained goods and services from the 18 business enterprises which had been established at the junction of the Red and Assiniboine Rivers. Traffic at that time was more north and south than east and west, the main route lying between Winnipeg and St. Paul, Minnesota. Even the creaking Red River carts covered this route regularly in 1850. They were outmoded by paddle wheel steamers, which in turn were replaced by the railway which was completed in 1878. The rail link with eastern Canada was established in 1882.

Winnipeg was incorporated in 1873 and at that time had a population of 1,879, served by 100 business concerns and 27 manufacturing establishments. The growing city became established as a warehouse and distribution centre at a time when goods were shipped in large quantities via the Great Lakes and had to be stored here for redistribution during the winter. Thus Winnipeg grew to occupy a dominant position in finance, industry, and distribution, in a territory stretching from the Head of the Lakes to the Rocky Mountains, and still leads the way today.

Geographically, Metropolitan Winnipeg is situated midway between the Atlantic and Pacific Oceans. It is the heart of Manitoba's most populous area. In fact, its population is more than half that of the entire Province. Its nearness to the United States border (60 miles) promotes easy and frequent traffic between this metropolis and the great cities of the mid-west United States. Many manufacturers in these centres have already established branch plants in Metropolitan Winnipeg in order to compete more successfully in the Western Canadian market.

Geographical features of our Province, particularly the rugged Precambrian Shield, had, in early days, a strong restraining effect on population movement northwards. There are always pioneers, and eventually the northern trails were opened and became highways and railways. The northern cities of the Pas and Flin Flon, thriving on fur and forest, gold, lead, zinc, and other minerals, became gateways to the new north. More recently at Thompson, in Northern Manitoba, the world's largest fully integrated nickel mine, smelter and refinery is in production. A completely modern townsite with all facilities has been built and eventually the population is expected to reach 10,000. A rail line joins Greater Winnipeg with our ocean port of Churchill and a branch of this line serves the Thompson development.

Metropolitan Government was established in Greater Winnipeg in 1960 and has jurisdiction over property assessment for taxation purposes, public transit, major streets and bridges including traffic control, planning, zoning, building permits and inspections, provision of water to local municipalities, sewage disposal, major parks, civil defence, weed and mosquito control.

PROVINCIAL LEGISLATIVE BUILDINGS

WAYS OF LIVING

The 510,000 people who live, work, and play in Metropolitan Winnipeg share many facilities for all their activities; and yet each is proud of the distinction afforded by the fact that the Metropolitan area is divided into 19 municipalities. Winnipegers, while enjoying the modern facilities of a large metropolis, can also enjoy the benefits of living in quiet residential communities far beyond the hustle and bustle of the central business area, but within reasonable distance.

The City of Winnipeg, being the oldest and by far the largest of the municipalities comprising Metropolitan Winnipeg, forms the hub of an expanding industrial and commercial centre. In Winnipeg proper are the financial houses, insurance companies, main branches of banks, large theatres, sports centres and many other attractions. The surrounding municipalities play their part in the life of the metropolitan community. Besides providing attractive suburban living for many workers in Winnipeg's industry, they are more and more becoming commercial and industrial centres in their own right. Many manufacturers and distributors are moving from the congested areas to the new industrial zones in the outskirts where "Room To Grow" is the theme.

Many new companies are coming to Metropolitan Winnipeg and providing new jobs for the growing population, which is increasing by about 1,000 persons per month. To house these new citizens many dwellings are needed, and these are being erected as quickly as finances and materials will allow. In the past five years more than 20,000 new dwelling units were completed in Greater Winnipeg.

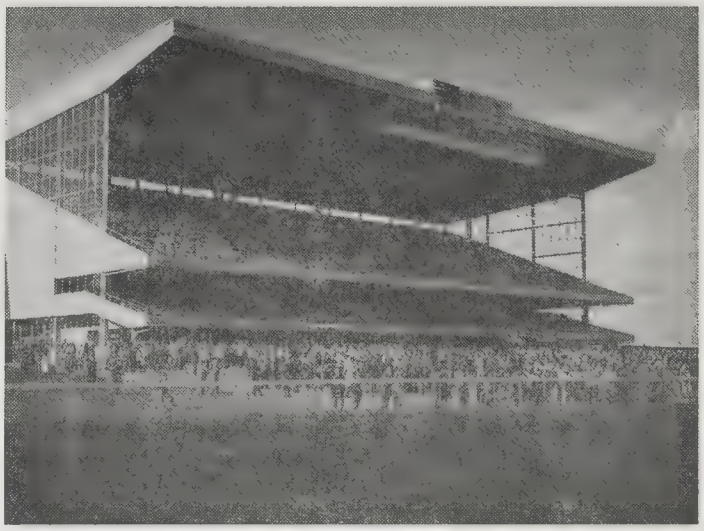
The Community Club is an organization run voluntarily by ordinary citizens, to provide leisure time activities for young and old in a specified area. In Greater Winnipeg the community club idea has been developed to a marked degree and the city is well known throughout Canada for its community organizations.

A GOOD PLACE TO LIVE

RELIGION:

More than 300 churches in the metropolitan area represent a wide range of beliefs.

EDUCATION:



Many school construction projects, constituting several hundred additional classrooms, have been carried out in Metropolitan Winnipeg during the past few years. The University of Manitoba and affiliated colleges have erected new structures valued at $40 millions since 1956. Special schools have been built for deaf, retarded and handicapped children within the last few years. The Manitoba Institute of Technology which opened in the Fall of 1963, can accommodate up to 2,000 students and provides vocational teacher training as well as a number of special technological courses.

CULTURE:

Winnipeg is know as the "City of Music". The "Festival" held each Spring reveals many talented musicians among the thousands who compete. The Winnipeg Symphony's excellence can be partly attributed to the keen interest shown in music by most Winnipeggers. The Royal Winnipeg Ballet, the Manitoba Theatre Centre, and other theatrical groups, and literary societies, combine to form a strong cultural base.

ASSINIBOIA DOWNS

ENTERTAINMENT

SPORTS:

Professional teams play football and baseball in season. Spectator sports on an amateur basis include the above, as well as hockey, soccer and lacrosse. Horse racing at Assiniboia Downs is a summer spectacle and stock car races are held regularly.

Most well known sport activitites are engaged in, particularly golf and curling. There are 18 golf courses and 26 curling rinks. The curling Bonspiel held in February each year, attracts many participants as in 1963 when they numbered 2,720.

Proximity of a variety of fine resort areas provide ample opportunities for fishing, boating, swimming, skiing, and other outdoor activities. Hunters consider Manitoba one of the finest areas for many kinds of game.

Special entertainment features during the summer include the annual Red River Industrial and Agricultural Exhitibtion in June and the Rainbow Stage which presents top flight stage shows in Kildonan Park thoughout the summer.

CLIMATE

The climate in and around Winnipeg is the continental type, that is to say there are four distinct seasonal changes in the year, marked by well defined temperature variations. The variety offered by the seasons is welcomed by Winnipeggers who find the change of scene and temperature exciting and exhilarating. Sports, cultural activities, vacationing, all fall naturally into a seasonal pattern providing an ever changing round of activities and events for those wishing to participate. Winnipeg's climate is dry, healthful and invigorating. On the average there are 2,126 hours of sunshine in a year and the average annual precipitation is 20.47 inches. The prevailing winds blow from the northwest and south, mostly under 15 m.p.h.

HEALTH AND WELFARE SERVICES

HOSPITALIZATION:

In 1958 Manitoba joined the national hospitalization scheme organized by the Canadian Government. Under this plan hospital care is available to all residents of the Province. The cost is shared by the Provincial and Federal Governments, and all who qualify under the plan. The following monthly rates are now in effect covering public ward care. The family rate is $4.00 and the individual rate, $2.00.

In the past ten years hospital bed accommodation in Greater Winnipeg has increased substantially, and many other facilities have been added. A cobalt bomb treatment centre has been built at St. Boniface Hospital and a large cancer treatment and research centre is now a part of the General Hospital complex. The central tuberculosis clinic has been enlarged, and a hydrotherapy pool built. A $3,000,000 service wing addition to the General Hospital was completed in 1961, and a rehabilitation centre for TB patients was completed in 1962 at approximately the same cost.

A 1964 project at Winnipeg General Hospital comprises a 5-story extension which will cost about $2,000,000 and provide 175 additional beds. It will be completed in 1965. Two other major hospital construction projects have been proposed. A $5,500,000 structure is being built in St. James for the Salvation Army and a $6,000,000 expansion which will double the bed capacity of Victoria General Hospital is planned.

FAMILY ALLOWANCE:

All children living in Canada who are under sixteen years of age are eligible for family allowance, which is $6.00 monthly for each child under ten years, and $8.00 monthly for those ten to fifteen years. A youth allowance is paid for those still attending school, up to the 18th birthday.

OLD AGE SECURITY:

A pension of $75.00 a month is paid by the Federal Government to all persons aged 70 or over who have been resident in Canada for at least ten years. The Canada Pension Plan being established by the federal government, will provide additional pensions for employed Canadians who will contribute 1% of earnings with employers paying an equal amount. Assistance is rendered to needy persons age 65 to 69 by monthly payments up to $55.00 a month, providing such persons can prove a minimum of ten years residence in Canada.

UNEMPLOYMENT INSURANCE:

Payments of unemployment insurance are made from a fund based on equal contributions by employers and employees on a scale proportionate with the employees' weekly earnings. The maximum contribution by an employee is 94c a week, entitling the employee with dependents to weekly benefits of $36.00 or without dependents to $27 weekly while unemployed.

WORKMEN'S COMPENSATION:

Under provincial law, a worker disabled by an industrial accident or disease in entitled to compensation based on his or her earnings. While totally disabled, the worker may receive 75% of earnings, with a stated maximum allowable in most cases. In fatal cases, widows and children and other dependents are awarded fixed monthly amounts. Compensation and medical aid are payable from an accident fund to which employees are required to contribute.

NATIONAL HEALTH PROGRAM:

Under this program, funds are made available for general public health, tuberculosis control, mental health, cancer control, services for crippled children, research, laboratory and radiological services, and medical rehabilitation.

PROVINCIAL HEALTH SERVICES:

Substantially free care of tuberculosis and poliomyelitis patients is offered including rehabilitation. Free mental health treatment is a provincial responsibility.

REHABILITATION SERVICES:

Work in rehabilitating a wide range of subjects with every known disability is shared by public and voluntary agencies. Many of these services are directed towards specific groups such as the blind, the deaf, mentally retarded or handicapped children and the aged. The Kinsmen Rehabilitation Centre for physically handicapped children and adults, was officially opened in October, 1963. The Industrial Workshop of the Society for Crippled Children and Adults, trains handicapped persons for worthwhile employment and is able to place about 100 in regular jobs each year.

OTHER AIDS:

Besides the more general categories already listed, there are many other special groups which are assisted materially. These include the blind, the disabled, needy mothers and dependent children, the aged and those needing general relief. This assistance is provided partly by federal, provincial and municipal governments, and partly by volunteer agencies.

THE HEART OF WINNIPEG BUSINESS CENTRE, CORNER OF PORTAGE AND MAIN

METROPOLITAN WINNIPEG

A MAJOR INDUSTRIAL CENTRE

Firms in Metropolitan Winnipeg having fifteen or more employees provide work for approximately 105.000 persons under the heading of "Industrial Composite", according to figures in the D.B.S. publication "Employment and Payrolls", for September, 1964. The actual total is considerably greater than that shown, when small firms in manufacturing and other categories are taken into account.

It is significant that the number of persons employed in manufacturing in Metropolitan Winnipeg is about 2,000 more than the totals of Regina, Saskatoon, Calgary, and Edmonton, combined.

Following is a breakdown of the number of employees in different categories (firms with 15 or more employees) as reported by D.B.S. in September, 1964.

	Number of Employees
Manufacturing	36,165
foods and beverages	7,898
meat products	2,901
clothing (textile and fur)	5,613
printing and publishing	2,974
iron and steel products	4,576
transportation equipment	6,574
Construction	8,712
Transportation, storage, communication	10,566
Trade	27,801
wholesale	10,975
retail	16,826
Finance, insurance, real estate	8,173
Service	11,408
Industrial Composite	105,514

MANUFACTURING DIVERSITY

Metropolitan Winnipeg is in an enviable position because the variety of products made here is greater than in any comparable Canadian city. These goods are to be found in 80% of the categories listed by the Federal Government for manufactured articles.

Not only does this diversity foster establishment of related industries but it has a stabilizing effect on the economy of the area. Generally speaking, Metropolitan Winnipeg is not subject to the fluctuating business conditions often experienced by cities dependent on a few large industries.

Following are the most recent statistics available (1961) for Metropolitan Winnipeg's major industries.

	Number of Establishments	Number of Employees	Selling Value of Factory Shipments
Foods and Beverages	180	8,100	$253,880,000
Transportation Equipment	23	5,136	53,811,000
Clothing	126	5,377	48,666,000
Metal Fabricating	99	3,155	41,977,000
Printing and Publishing	136	3,443	37,106,000
Paper Products	21	1,140	25,139,000
Furniture and Fixtures	102	1,784	21,007,000
Chemicals and Chemical Products	31	667	16,582,000
Machinery, industrial	25	991	14,584,000
Electrical Products	18	756	12,590,000
Feeds	15	188	10,525,000
Textiles	31	541	10,088,000
Paints and Varnishes	6	312	7,563,000
Primary Metal	9	504	7,006,000
Wood Products	31	728	6,953,000
Miscellaneous Manufacturing	121	2,076	62,232,000

MARKETS — FINANCE — TRADE

The natural market area for goods made in, or distributed from Greater Winnipeg, is a vast territory of 919,000 square miles, stretching from the Head of the Great Lakes to the Rocky Mountains. It is populated by approximately 3,550,000 persons, of which about one-half live in 7% of the total land area.

The western market territory includes one of the world's great grain producing areas; oil and gas fields which have stimulated our development; and the mineral laden Precambrian Shield, where untold resources are being discovered and developed. Some of the base minerals in the area include uranium, nickel, copper, gold, iron, potash and zinc. Major pulpwood resources are also an important part of our natural wealth.

The economy of Our Market Area shows diversity from the standpoint of basic income, with manufacturing accounting for 50%, agriculture for 33%, and the extractive industries for 16%.

While the territory already referred to is the prime market for Greater Winnipeg's goods, certain categories are being sold with increasing success in Eastern Canada. Several factors contribute to this successful invasion. Among these are competitive prices, and quality, along with fast delivery despite the added shipping time. Several local manufacturers producing highly specialized goods have gained an international reputation for their products which are being used in many different countries.

Those firms whose market area is the whole of Canada would be well advised to consider manufacturing and distributing in Greater Winnipeg, the geographical centre of the nation.

RETAIL TRADE:

Retail sales in Greater Winnipeg during 1961 (the census year) totalled $493,139,000. In 1951 they amounted to $353,050,800. The number of retail employees recorded in November of 1961 was 21,825, and the number of stores was 2,870.

Following are the 1961 census figures for the retail sales in Greater Winnipeg and also the number of stores at that time.

	Number of Stores 1961	Retail Sales 1961
General Merchandise Group (department and variety stores included)	50	$129,395,200
Food Group	996	127,156,600
Automotive Group	581	125,362,700
Apparrel and Accessories Group	377	24,016,600
Hardware and Home Furnishings	290	23,836,600
Other Retail Stores	576	63,371,300

WHOLESALE TRADE:

Greater Winnipeg is the main warehousing and distribution centre for the Canadian West. The 1951 census listed 1,071 wholesale firms in this area, employing 15,411 persons. The dollar value of wholesale trade in 1951 amounted to $1,731,150,900 in Greater Winnipeg, the third largest amount in Canada.

BANKS:

There are at least 120 branches of chartered banks operating in Greater Winnipeg. The total frequently needs revision as new branches are opened to serve new areas of development.

The value of cheques cashed in our banks is considered a good indication of general prosperity and for Greater Winnipeg the total in 1963 was approximately $26,206 million. This was more than one billion greater than the amount recorded for the entire Province of British Columbia.

Following is a comparison in totals of cheques cashed at major clearing centres in Western Canada for twelve months, 1962 and 1963.

	$ 1,000 1962	$ 1,000 1963
WINNIPEG	20,919,929	26,206,089
Regina	5,326,695	5,727,082
Calgary	11,415,990	12,291,349
Edmonton	7,550,912	9,311,561
Vancouver	19,602,381	21,679,909

INSURANCE:

Winnipeg is the head office location for close to a dozen insurance companies, one being the Great West Life Assurance Company, fourth largest in Canada. This company occupies a new building which is the largest of its kind in this city. The Monarch Life Assurance Company which also has its head office in Winnipeg, occupies a new building on Broadway, the new financial district of Winnipeg. Other insurance companies occupying new quarters include the Sovereign Life Assurance Company, Prudential Assurance Company, St. Paul Fire & Marine Insurance Company, London Life Insurance Company, Metropolitan Life Insurance Company, Globe Insurance Company, North American Life Insurance Company and Canadian Premier Life Insurance Company.

The importance of the Grain Exchange and the Winnipeg Stock Exchange to Canada's business world is well known. This city is the chief grain marketing centre in Canada, and, as has already been substantiated, the major financial centre of the West. The Canadian Wheat Board recently moved into a large six-storey addition to its Winnipeg head office. There are a large number of firms in the trust, loan, mortgage, and financial fields, serving business and the general public in the metropolitan area. New buildings have been erected for Investors Syndicate of Canada Ltd., Huron & Erie-Canada Trust, Western Savings & Loans Association, Canada Permanent Trust Company, and Credit Foncier Franco-Canadian and National Trust Company plans a new building.

NATURAL RESOURCES

The Industrial Devolpment Board of Greater Winnipeg is in a position to supply specific information on many materials, some not included in the following list. While the source of many of these raw materials is not in the immediate Winnipeg area, they have been included because of possible use, competitively, with materials produced in other parts of Canada or the United States.

Agricultural products, fur, fish, lumber, oil, copper, nickel, zinc, gold, silver, cadmium, selenium, gypsum, limestone, building stone, clay, sand and gravel, bentonite, lithium, salt, and peat moss.

TAXATION — INDUSTRIAL AND COMMERCIAL ENTERPRISES

The Metropolitan Corporation of Greater Winnipeg is responsible for all assessments, made on the following basis:

Land: Fair value as determined by assessors.

Buildings: two thirds of estimated value.

Business: Fair annual rental.

Business Tax: Based on a percentage of Business Assessment and may vary according to classification.

School Tax: The rate in most municipalities varies as between different school districts.

MAIN INDUSTRIAL AREAS IN METROPOLITAN WINNIPEG

SITES AND BUILDINGS:

The Industrial Development Board has a Site Selection Department and maintains a comprehensive listing of municipally and privately owned industrial property in Metropolitan Winnipeg. Real estate firms co-operate by providing the Board with information on sites and buildings which are on their listings. In addition to keeping a record of available sites, the Industrial Development Board has a card index system which lists factories and warehouses for rent or sale in the metropolitan area. Maps of the various areas are supplied as needed.

There are more than 2,000 acres allocated to industry in Greater Winnipeg. Some of this land is fully serviced and the remainder will be developed as the demand warrants. In several muncipalities most of the industrial land is municipally-owned while in others it is privately-owned.

The following are brief descrpitions of the main industrial areas in Greater Winnipeg.

CITY OF WINNIPEG: (Inkster Industrial Park)

This is a planned development of 600 acres situated in the northwest section of the City. A considerable number of industries already occupy sites in the initial development section and others have purchased land on which to build. A plan of subdivision has been approved for the second phase of the development making available approximately 184 acres in addition to a few sites which remain in the initial area.

No difficulty has been experienced in providing the necessary services as required. As the second area is developed the facilities will be extended in an orderly manner.

Current price of land in Inkster Industrial Park is 12 cents a square foot which includes the cost of the main railway spur up to the property but not the private spur. Inkster Park is served by Canadian Pacific Railway trackage while the Canadian National Railways have access to a major portion of the area through an interswitching agreement.

CITY OF ST. BONIFACE:

In total, about 200 acres of industrial property is available in the eastern section and awaits development as the demand warrants. The establishment of the Canadian National Railway's Symington Yard is expected to stimulate growth in that area. The price for municipal property ranges from $1,000 to $3,000 an acre depending on location. Both major railways serve the industrial sections of St. Boniface and the Greater Winnipeg Water District has its headquarters in the City.

CITY OF ST. JAMES:

St. James has some acreage remaining in the industrial area between Saskatchewan and Notre Dame Avenues. A private company owns 28 acres in the same area and will erect buildings for suitable tenants. Both Canadian Pacific and Canadian National Railways have access to the area. The price of municipally-owned property is approximately $5,000 an acre. The City plans to establish another industrial area in the northwest section to ensure continuity of industrial development.

MUNICIPALITY OF FORT GARRY:

Fort Garry has three distinct industrial areas. Two are in use and one is in the planning stage.

No. 1 Area lies north of McGillivray Boulevard and east of Waverley Street and is occupied by a number of well known firms. There is about 45 acres left in this area and a substantial part of this acreage is owned by two private companies which will develop for suitable clients. The basic price of muncipally-owned property is 10 cents a square foot plus the cost of services amortized over 10 years.

No. 2 Area lies south of the No. 1 area and contains over 300 acres most of which is privately-owned. A number of firms are already located there including one in a building of 174,000 square feet.

No. 3 Area is now in the planning stage. It comprises about 230 acres and extends south of the No. 2 Area to about one quarter of a mile south of the Perimeter Highway.

CITY OF EAST KILDONAN:

East Kildonan has over 300 acres zoned for industry. The initial area, where industrial build-up is now taking place, is bounded on the east by the Canadian Pacific Railway, on the west by Golspie and Watt Streets, on the north by Melrose Avenue, and on the south by the City of Winnipeg. Canadian Pacific Railway trackage serves the area but it can be reached by the Canadian National Railways through interswitching. The price for fully serviced sites is approximately $4,500 per acre. A larger area to the east and south, comprising over 200 acres is also zoned for industry.

TOWN OF TRANSCONA:

A number of years ago Transcona set aside approximately 1,000 acres for industrial development. Since that time several large portions have been sold and sizeable buildings erected on the sites. No problem is anticipated in servicing the many acres which remain. Trackage is mainly Canadian National Railways which has major repair shops in Transcona. However, the Canadian Pacific Railway has spur lines from its main line to the general area. Interswitching arrangements are available. Price is subject to negotiation.

WATER SUPPLY AND SEWAGE DISPOSAL

Water storage, treatment and feeder main distribution in Metropolitan Winnipeg is the responsibility of the Metropolitan Corporation of Greater Winnipeg. The supply originates in Shoal Lake, about 95 miles east of the city. Shoal Lake is an arm of the Lake of the Woods which constitutes an almost inexhaustible supply. The aqueduct from Shoal Lake can convey a maximum of 85 million gallons a day, sufficient for a population of 850,000, close to double the present number.

There is virtually no habitation at the source of Metro Winnipeg's water supply and the water is simply sterilized by the addition of chlorine and ammonia there being no filtration or other treatment required. Since December, 1956, sodium silicofluoride has been added at the rate of 1p.p.m., and copper sulphate is added at the rate of 0.3p.p.m. during the summer months to control algae.

WATER SUPPLY AND SEWAGE DISPOSAL:

Water is delivered from Metro's feeder mains at two or three metered points in each municipality. Each municipality is responsible for delivery to consumers within its borders and assigns the rates, reads the meters and issues the bills for water supplied. The municipalities buy water from Metro at 17 cents per 1,000 gallons at feeder main but the rates to consumers vary between municipalities.

An average of 37.4 million gallons was used each day during 1963 in the Metro area. Completion of the Metro East Reservoir early in 1964 provides an additional 45 million gallons of water storage capacity and brings the metro total to 170 million gallons. This is one of the capital works projects for which the Metropolitan Government voted a total of $15 Million in 1961 to be spent over a five year period.

SEWAGE DISPOSAL:

Sewage treatment and disposal in Metropolitan Winnipeg is the responsibility of the Metropolitan Corporation of Greater Winnipeg. In 1961, the Metro Council approved the adoption in principle of a $31 Million, 10-year program to improve sewage disposal and reduce river pollution. At 1964, approximately $15 Million of the above amount has been committed, and at the end of five years it is expected that expenditures will have reached $23 Million.

Projects involved in the $15 Million commitments include extension of the primary treatment facilities; construction of new secondary treatment facilities; a lagoon; and interceptor sewers and pumping stations in connection with the treatment plant and the lagoon. Additional works involving interceptors and related installations are expected to comprise the balance of the 5-year program.

Sewer rental charges on all properties using water from the Metro source or from private sources, are paid by the responsible parties at the rate of 4 cents per 100 cubic feet of water used in each quarter. The rate quoted is for the City of Winnipeg but it is typical of charges in other municipalities. To calculate sewer rental charges, the water used is metered, whether it is obtained from Metro or from private sources.

ELECTRIC POWER

The sale and distribution of electricity in Metropolitan Winnipeg is handled by two agencies. City Hydro supplies Winnipeg proper while the remaining 18 municipalities comprising Metropolitan Winnipeg are supplied by Manitoba Hydro. City Hydro generates and transmits much of its own power, although these functions are integrated with those of the Manitoba Hydro.

Power supply for lighting, cooking and heating is A.C., 60 cycles, 115 and 230 volts for both domestic and commercial users. For industrial and commercial consumers, power is A.C. 60 cycles, one and three phase, primary supply at 2400 and 4160 volts; secondary supply at 115, 230, and 550 volts. The City Hydro maintains Winnipeg's street lighting system, and provides central steam heat for downtown buildings, as well as its other services.

Current power projects in Manitoba will bring the total capacity to more than one million killowatts. The Grand Rapids power project, 250 miles noth of Winnipeg, is expected to be ready to supply 110,000 kilowatts by late 1964, and triple that amount by the end of 1965. The Kelsey Generating Station, serving the nickel mine, smelter and refinery at Thompson, Manitoba, some 400 miles north of Winnipeg, has a present capacity of 125,600 kilowatts and an estimated potential of 337,500 kilowatts.

N.B. — Rates for City Hydro and Manitoba Hydro service are available from the Industrial Development Board.

FUELS

COAL:

Coal used in Metropolitan Winnipeg is mainly lignite from Saskatchewan or bituminous from Alberta.

OIL:

Fuel oil and Bunker "C" is available in quantity with discounts to large commercial and industrial users.

GAS:

Natural Gas from the Trans Canada Pipe Line is distributed in the metropolitan area by the Greater Winnipeg Gas Company. Available on an interruptible basis to large users consuming 2,000 MCF or more in any one billing month of each contract year.

N.B. — Complete information regarding rates and other details is available from the Industrial Development Board of Greater Winnipeg.

TRANSPORTATION

RAIL:

Two transcontinental railways, the Canadian Pacific and Canadian National, maintain their main western marshalling and repair yards in Greater Winnipeg. The Canadian Pacific Railway is said to have the largest privately-owned yards in the world, with a total of 280 miles of yard and spur trackage in Winnipeg. The Canadian National Railways "Symington Yard" has a standing capacity of 6,927 cars, expandable to 10, 482 cars. Using the hump system, incorporating the latest electronic devices, it is said to cut car placement time in half, and terminal time for through shipments is reduced by 30%. Canadian National Railways links Metropolitan Winnipeg and other points with Manitoba's sea port of Churchill, and many new mining areas in the northern part of the Province.

Direct rail connections with the United States are supplied by three lines - the Great Northern Railway, Soo Line Railroad, and the Northern Pacific Railway Company.

ROAD:

Through its strategic position on the principal east-west transportation routes in Canada, Metropolitan Winnipeg has become a truck terminal centre. Several large terminals have been built recently and more are planned. There are four public trucking terminals and about 30 private terminals in the metropolitan area. In a recent five year period, the tonnage carried by Manitoba trucks increased by more than two million tons excluding motor vehicles carried. The total mileage covered increased by 25 million miles.

AIR:

The Winnipeg International Airport in the City of St. James, is one of the busiest in Canada and can handle the largest aircraft now in use. New terminal facilities went into operation in November, 1963.

Air Canada operates at least 30 flight east and west daily in and out of the airport, and two direct flight to London, England, each week. Canadian Pacific Air Lines has a daily DC-8 jet service to Eastern Canada and Europe, and a westward flight to Vancouver each day connecting with departures for the Orient, the South Pacific and South America. North West Air Lines has three flights in and out of the Winnipeg International Airport on a daily basis, providing a link with Minneapolis and Chicago. Trans Air Limited serves the northern areas on regularly scheduled flights. A number of world wide air lines have offices in Winnipeg and a partial list includes BOAC, Alitalia, Sabena, Air France, SAS, Lufthansa and KLM.

INTERNAL:

The Metropolitan Corporation of Greater Winnipeg operates a modern transit system serving all parts of the metropolitan area with a fleet which numbers close to 450 buses. During the past few years an extensive replacement program has been effected, with gas and diesel motor buses gradually supplanting the less versatile trolley buses. The Corporation's transit improvement plans have included the purchase of more than 50 new vehicles in the past two years. The transit system provides service to new industrial areas at appropriate times when warranted.

COMMUNICATION

NEWSPAPERS:

Daily — Winnipeg Tribune — Winnipeg Free Press.
Weekly — 5 community weeklies and 18 foreign language weeklies.

RADIO STATIONS:

CBW, CKRC, CJOB, CJOB-FM, CKY, CKY-FM, CKSB (French), CFMW-FM.

TV STATIONS:

CBWT — Channel 6; CBWFT — Channel 3 (French); CJAY — Channel 7; KCND — Channel 12.

TELEPHONES:

Over 219,000 dial units in the Metro Area. Mobile phone service is available.

TELETYPE SERVICE:

Privately owned by Canadian National Telegraphs, Canadian Pacific Telegraphs, Manitoba Telephone System, and the Trans-Canada Telephone System.

MAGAZINES:

A considerable number of trade publications and other periodicals are produced by the dozen or more publishing houses located in Greater Winnipeg.

LABOR

Two outstanding features mark the labor picture in Metropolitan Winnipeg. One is the history of excellent relations between labor and management, and the other is the variety and quantity of skilled labor available. The first is substantiated by the very low percentage of time lost through strikes. This area has one of the lowest rates in Canada. The second is the result of the movement of agricultural workers from farm to city due to increased farm mechanization; also the steady influx of skilled European workers drawn to Winnipeg by the cosmopolitan nature of its population.

The labor force of Greater Winnipeg is currently estimated at about 200,000, compared with 155,000 recorded during the 1951 census. At that time there were 108,000 men and 40,000 women in the metropolitan labor force. In 1961 there were approximately 129,000 men and 65,000 women in the force. Significantly, the number of women increased by 60% between the census years whereas the male segment showed only a 20% increase in the labor force.

In Canada most labor legislation comes under the jurisdiction of Provincial Governments. Labor legislation in Manitoba is comprised mainly of the following acts:

Vacations with pay act — An employee is entitled to two weeks with pay after one year's service.

Fair Employment Practices Act — Prohibits discrimination because of race, creed or color in hiring.

Workmen's Compensation Act — An accident benefit fund derived from employer contributions is based on industry classifications and accident rates.

The Manitoba Labor Relations Act — Provides several stages of conciliation to facilitate settlement of employer-employee disputes.

Trade and vocational training is provided by the Manitoba Institute of Technology. The Institute can accommodate about 2,000 students and is in fact, three schools in one, the largest being the trade school. The various construction trades are taught as well as barbering and hair dressing, upholstering, watch repair, meat cutting, cookery, home nursing, refrigeration and automotive repair, etc.

The fully accredited Manitoba Institute of Technology provides training in medical x-ray and laboratory work. In addition, courses are given in various branches of engineering, including electrical, electronic, mechanical, and civil (construction).

The third department of the new Institute provides teacher training for instructors in vocational subjects and industrial arts.

There is also the Technical Vocational School in Winnipeg, where high school students may take courses designed to fit them for skilled jobs in a variety of trades, or to take their place in the business world.

CLASSIFIED
BUYERS' GUIDE

OF THE CITY OF
METROPOLITAN WINNIPEG

(MANITOBA)

1965

Embracing the area of METROPOLITAN WINNIPEG

Covering the Cities of Winnipeg, St. Boniface, St. James, East Kildonan, St. Vital, Transcona, the Town of Tuxedo, the Village of Brooklands and the Municipalities of East and West St. Paul, Fort Garry, Assiniboia, Charleswood, North, Old and West Kildonan, Rosser and St. Norbert

The Buyers' Guide contains the advertisements and business cards of the more progressive business men and firms in the city, classified according to lines of business.

CAUTION . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CITY DIRECTORY USAGE SOARS TO *NEW HIGH!*

Post-war relocations of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION....

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Mr. CITIZEN!

Correct Information Is Valuable To You!

Co-operate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Newcomers will find in MANITOBA

The Most Comprehensive Medical Benefit Plan on the Continent

Two out of three of the people in Metro Winnipeg and 55% of Manitoba's total population are enrolled in the Manitoba Medical Service.

More than 540,000 persons are members of Manitoba Medical Service. In 1964 M.M.S. rendered more than 3 million services on behalf of its members through one of the following plans.

PLAN H

Provision for services of a legally qualified medical practitioner while a subscriber or dependent is a registered and admitted bed patient (in-patient) in a public general or extended treatment hospital. The range of services provided includes:

1. medical services—no limit on days
2. surgical services, including services of assistant surgeon when necessary
3. services for treatment of fractures and dislocations, burns and lacerations
4. maternity services
5. services of anaesthetist, when surgery or maternity is covered
6. services of consultant, when necessary

PLAN HC

In addition to services of Plan H, the full range of services included under Plan H when provided out of hospital, i.e., at the patient's home or at the physician's office.

This Plan also provides for a complete physical examination annually, provided that the subscriber or dependent has not received such examination within 365 days.

PLAN HCX

In addition to the services of Plan HC, the following services when rendered in a physician's office:

1. X-ray services
2. medical treatment including immunizations, injections, allergy care
3. medical examinations and tests—including basal metabolism tests, heart tracings, brain tracings, ear tests, eye tests, etc.
4. laboratory services—including blood tests, gastric analysis, etc.

This Plan also provides for diagnostic services if such services are rendered on an out-patient basis in a public general hospital when other facilities are not available and when such services are not provided by the Manitoba Hospital Services Plan, or, in urban areas, when rendered in an emergency on an out-patient basis in a public general hospital when other facilities are not available and when such services are not provided by the Manitoba Hospital Services Plan.

Premiums vary according to marital status and the plan chosen. In the case of Group Plan HCX for instance, (preferred by 87% of those covered), the average group rate for a married man with children is $10.00 a month. Plans "H" and "HC" are proportionately lower.

HOW FAR CAN YOU GO ON A PENNY?

In Manitoba you can light a light. Turn a lathe. Boil water. Heat a house. Cool a building. Type a letter. Print a paper. Play a record. Produce goods. Increase business.

A miracle? The answer is low cost electrical power. Your Hydro produces it and is presently supplying power to 532 cities, towns and villages and maintaining 34,333 miles of transmission lines throughout the province. So why not hook-up and grow with your Hydro.

***A PENNY GOES A LONG WAY IN MANITOBA!**
According to the latest available figures from the Canadian Dominion Bureau of Statistics Manitoban's enjoy the lowest domestic (and farm service) rates on a provincial basis of any province in Canada.

"Big Enough to Serve You — Small Enough to Know You"

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Do Not Lend Your CITY DIRECTORY

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY— THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★

IT COSTS YOU MONEY Every Time It Is Loaned

★

—The Publishers

STOP OR GO!

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.
